

AB7506

Three Knuckle - Concealed
Anti-Friction Bearing
- Heavy Weight

Note:

- Must be used with one pair of heavy weight full mortise hinges (AB750 or AB850 - sold separately)

PRODUCT SPECIFICATIONS

DESCRIPTION:

- For square edge doors
- ANSI A8511
- Two anchor leaves
- Non-removable pin standard with flush pin and plug
- Handed (Specify when ordering)

MATERIAL:

- Steel with Steel pin

FINISHES:

- USP, US10, US10A, US10B, US26D

NOTES:

- With an anchor hinge, the pin is inserted from the bottom and the plug at the top. NRP feature will hold the pin in position. This is necessary due to close ceiling tolerances of some construction. Hinge testing conforms to ANSI A156.1. Furnished with screw hole locations that conform to standards approved by ANSI A156.7.
